**Q6 - Please make any comments or suggestions below:**

Response Rate: 100.00% (3 of 3)

- Interesting Course and instructor
- It helped with the use of statistical tools and how to interact with management, a very good course. Overall satisfied with the materials, and learning experience.
- Very important class for people who want to get a six sigma green belt or black belt certificate. The professor is very helpful in teaching the subject is an appropriate way and I love the course contents. It almost covered everything that I want to know about six sigma.
